

WE'VE MADE SOLAR AFFORDABLE FOR ALL

GO SOLAR WITH ORIGIN

With electricity costs rising, solar is the smart alternative. Not only will it help you reduce your impact on the environment, going solar could make a difference to your power bills too. Origin is Australia's largest retailer of home solar panel systems. We also offer a range of other products, including solar hot water, hot water systems and heating and cooling solutions to meet your needs.

WHY CHOOSE ORIGIN

- ✓ **Origin is Australia's largest solar retailer.** For peace of mind choose a supplier you know and trust with over 50,000 solar installations!
- ✓ **A range of systems to suit your monthly budget.** Our specialists will find the right system size for your home and budget.
- ✓ **Our 24 month interest free payment plan.** Pay around 5% up front and the rest over 24 months on your credit card.

SAVE WITH OUR PROMOTIONAL DISCOUNT*

Origin is making it even more affordable because right now your company can access our exclusive promotional discount and receive the following savings on our range of products available online. Plus you don't have to be an Origin customer to take advantage of this great offer:

Solar electricity - \$250 Off Heating - \$150 Off Hot water - \$250 Off Cooling - \$150 Off

HOW TO ACCESS OUR PROMOTIONAL DISCOUNT

Origin will create a specific promotional code unique to your organisation. Simply enter the promotional code online when you order at www.originenergy.com.au/solar or alternatively mention the promotional code when you call us on the number below.

*Source: The Deemed Report, Green Energy markets, June 2011. *Origin promotional discount not available for breakdown hot water products and not available in conjunction with any other offer.
